

Międzynarodowy płatny staż we Francji z gwarancją zatrudnienia

International MSc program in France with LDC Groupe and ESA

Would you like a career in the Poultry sector working for an international company in **Poland**?
Are you open to learn a new language and facing interesting challenges?
If so, this offer is for you!

The French agri-food group LDC offers you a Master's degree in apprenticeship in one of its **companies specializing in the cutting and processing of raw and cooked poultry.**

Requirements:

Candidates must have:

- a BSc or an MSc in **Food Sciences, Animal Sciences, Microbiology, Biotechnology. Industrial, Finance or economical**
- a strong motivation for a career in the industry - and especially in the poultry meat industry
- a desire to learn new cultures and a new language (French)
- a real capacity to overcome challenges and to develop new competencies
- an experience abroad would be appreciated
- a good level of English (B1)
- **PLEASE NOTE: NO FRENCH REQUIRED TO APPLY**

Successful candidates will:

- spend two years in France - Depending on your current level of French up to 6 months of intensive French lessons prior to the Master program
- receive high level training in technical and managerial competencies and learn a new language (French)
- have all expenses (travel, tuition, insurance) costs covered
- study half time at ESA and work half time in a LDC company with a tutor in France
- successful graduates earn a Master of Science in Engineering from Ecole Supérieure d'Agricultures Angers Loire (ESA)
- Be need to be willing to work for a minimum of two and a half years in the sponsoring company in Poland after the program in France

The program is managed by ESA, a major institution of higher education in the field of Life Sciences in France. Successful completion of the program earns an entry-level management position in the sponsoring company's industrial site in Poland after the end of the program.

Apply till 10th of January 2024

Application process:

Applications online to ESA at <https://olage.groupe-esa.com> or to recrutement@ldc.fr

Click: I²FA program: Engineer-Master's Degree - Sandwich Course: Company Sponsored
Only fully completed application files will be examined.

The selection process is in two steps. ESA will examine your application and will contact you for a first interview in English by one of their team. If ESA decides you are a solid candidate we will pass your file on to the company.

*ESA will arrange company **interviews in Poland**. The company makes the final choice. The program begins in February 2024 for those who need French lessons and late August 2024 for French speakers.*
